## National Sale Of Canned Fruit Set This Month

Announcement of a national canned fruit sale in April was received here yesterday by Lew Cook of Safeway Stores, Pacific coast Bartlett pears will be the headline feature.

"A bulletin from the Pacific Coast Canning Pear Stabilization Committee," said Cook, "reports large shipments of canned pears into the retail markets of the country. Owing to a surplus of stocks carried over the 1936 crop pears have been the weakest spot on the canned fruit list. This has made them comparatively attractive in price and the carry-over is now being moved into consumers' hands to make way for the 1937 crop."

"While Safeway Stores are lending a hand in the movement of this surplus of pears, for the benefit of growers and customers alike they will also offer special inducements on all the popular canned variety of the summer season of fresh fruits. Improvements in the packing and grading of canned fruits have made them a luxury ready for the table without further preparation."

## Balloons Given At Groceries During Week

All this week grocers in this district are presenting to their customers a free Barking Seal Balloon with the purchase of two packages of Morton's Salt. This delightful premium is a circus for everyone. The seal, when stroked makes a barking noise astounding in realism. Strongly made of heavy rubber, it stands almost two feet high.

## Federal Aid For 10 Coast Bridges Asked

### Replacement of Old Wooden Structures Urged By Marshall

That the county take advantage of the federal "farm-to-market" program by replacing 10 old wooden bridges with concrete spans at a total cost of \$89,200, the county contributing \$37,200, will be recommended to the board of supervisors by County Engineer U. S. Marshall.

The county engineer's staff has proceeded with plans for the new bridges, most of which are on the coastside.

Marshall said Wednesday as he explained his plan that he hoped the county's share of the construction could be included in next year's road budget.

Under the farm-to-market two-year road program, Marshall pointed out, the government contributes 58 per cent of the cost of construction.

The bridges which would be replaced and the total cost of their replacement follow: Anderson and Duffield Gulch bridges on Pescadero road, \$45,000; Wurr road bridge across Pescadero creek, \$4000; Hayward bridge, across Pescadero creek, west of Memorial Park, \$20,000; five bridges along the Alpine road, costs of these spans ranging from \$1200 to \$4000, with the average slightly above \$3500; and the Old La Honda road bridge, \$4000.

Of the \$89,200, the government would contribute \$52,000, slightly over the \$50,000 which Marshall was informed was San Mateo coun-

## 'Child Appeal' Shown In Novel Manner

Repeated tests made by experts to determine the strength of various appeals used in newspaper advertising, rate "child interest" high in the list. This is most natural, as every parent knows. In the purchase of foods, educational advantages and other items that come out of the family budget, consideration of the children's welfare is of ranking importance.

A series of advertisements now appearing in the Redwood City Tribune that features this "child interest" theme prominently is that of Honey Maid Graham Crackers. Lovely, keen-eyed tots are realistically shown. For example, the young man blowing the candles on his birthday cake, and a pair of bright-eyed youngsters in kindergarten.

The whole idea of the campaign is to inform mothers of a way to please their "young hopefuls" and to receive responsive accord in return. One of the messages appears every Friday in the Tribune.

## F. C. METCALF PASSES IN S. F. OF PNEUMONIA

### Former Redwood City Man Was Peninsula Political Figure

Frederick C. Metcalf, former Redwood City resident, industrial expert who was prominent in state and national politics, died late yesterday in San Francisco as the result of pneumonia which climaxed a nervous breakdown.

Prominent in Sacramento, where he represented the California Metal Trades Association, Mr. Metcalf also extended his influence into national fields. He frequently represented employer and industrial interests in national arbitration at Washington.

With his wife, Chrissie, Mr. Metcalf lived at 1 Duane street in 1931 and 1932, moving then to Palo Alto. There he lived 18 months before going to San Francisco. The Metcalfs still retained their home in Palo Alto, however, and were frequent week-end peninsula visitors.

Mr. Metcalf was closely associated with Sen. Harry Parkman of San Mateo, managing Parkman's election campaigns in all but the last.

Besides his wife, Mr. Metcalf is survived by a daughter, Marion, of Los Angeles; a son, Clark, of Berkeley, and a step-son, Robert, of San Francisco.

Pending funeral arrangements, the body is being held at the Cathedral Mortuary, 1724 Sacramento street, San Francisco.

## THREE HIGH SCHOOL GROUPS PLAN PARTIES

The advisory classes taught by Miss Elsie Machado and Clyde Devine at Sequoia high school will enjoy a swimming party on April 9 at the school pool between 3:30 and 6 o'clock.

Other social events already listed on the school calendar for spring include a Block "S" Society sport dance on April 16, and a party for the advisory class of Miss Vivian Melton on May 1.

## George Elvidge Dies At Hospital in S. M.

Terminating a long illness, George H. Elvidge, 66, 17th avenue, North Fair Oaks, railway employee, died late Saturday in a San Mateo hospital. He had been ill several months.

Although he was a native of England, Mr. Elvidge had lived near Redwood City for 15 years. He is survived by his widow and two daughters, Virginia and Victoria, and a sister, Edith, of England.

His share of \$228,000 made available for highway district No. 4, which includes Sonoma, Marin, Contra Costa, Alameda, Santa Clara, San Mateo and San Francisco counties.

The new bridge system is in line with Marshall's policy that permanent improvements as well as maintenance work be made part of each road budget.

The oldest of the wooden bridges is the Anderson bridge, built 57 years ago. The "newest" is the La Honda bridge, which is 25 years old, Marshall said.

## Report Given To Grand Jury On Gambling

### Belasco, Ex-Atherton Aide, Tells Jurors Of Findings

C. M. Duxsee, secretary of the San Mateo County Grand Jury, confirmed reports that Bennie ("The Duck") Belasco, prominent figure in the running down of San Francisco alleged police grafters, has submitted reports to him on the gambling situation in San Mateo county.

He denied, however, that Belasco, whose principal exploits during the Atherton graft expose reportedly concerned the tracking down of Abel Ducayla, disappearing witness of police bribery, was working for the grand jury.

Belasco is an applicant for the position of investigator for the grand jury, Duxsee said, but since this position has not been created, any work that the ex-San Francisco prober has done has been "on his own."

## FILED WITH 'OTHERS'

Duxsee said that he had filed Belasco's lengthy report "with the others," indicating that the grand jury has had several reports handed in. This partially confirmed current reports that sensational information has been laid before the jury in several reports.

The grand jury secretary, who last week said that the jury may ask the board of supervisors for funds to hire an undercover worker, said that Belasco had placed the reports in his hands as "samples" of his work, but that the reports had not been laid before the grand jury.

Meanwhile, it was learned, Belasco continued to apply methods spectacularly successful in San Francisco to the San Mateo county situation. The fact that Belasco had entered the county gambling probe was revealed yesterday exclusively in The Tribune and its affiliated papers.

The possibility was learned that the jury's four-man "advisory board," reported to favor the hiring of an investigator, might ask Sheriff James J. McGrath to turn over to the present jury the \$2941 balance of the special investigator fund, left over from the activities of the 1936 grand jury. This fund was placed by the board of supervisors at the time under the control of the sheriff.

## Motorist Stricken Dead in Pescadero

PESCADERO, Mar. 31.—Death at the steering wheel overtook Avery Zimmerman, 45-year-old dairy worker, here last night, resulting in his car plunging out of control into a field.

Zimmerman's last act before sinking into unconsciousness was to shut off the ignition. Several persons saw him slump over the wheel and watched the car leave the road and come slowly to rest without being wrecked.

Funeral arrangements are pending receipt of word from Zimmerman's brother in Indiana. Meanwhile the body is being held at Dutra's funeral parlor in Half Moon Bay.

## Market Expert Program Taken By Chain Store

Bess Bye, who for more than a year and a half as the radio Marketing Scout has been tipping off housewives of the bay area regarding the best buys in fresh fruits

and vegetables, has found a logical sponsor in Peninsula Stores, Ltd.

The program is broadcast daily except Sunday at 8:40 a.m. over station KFRC.

Bess Bye has been associated with women and their home economic problems for more than 20 years, and the material for her Market Scout program is gathered daily from the produce markets of the bay area which she visits during the buying periods from 5 to 8 in the morning.

## Record Shipment Of Lincoln-Zephyrs

A graphic indication of the trend of public preference to higher priced automotive units was noted this week when the largest single rail shipment of Lincolns and Lincoln-Zephyrs ever to leave the Detroit factory, a trainload valued at a quarter of a million dollars, made up of 50 carloads containing 150 cars, rolled into California, consigned to Van Elta Motors, newly appointed Northern California distributors of the Lincoln Motor Company.

More than 75 per cent of the cars in the trainload are already sold, several units being consigned to Towne Motor Company, local dealers.

A like shipment is expected to be underway within thirty days, according to K. B. Towne, proprietor.

## Norries to Attend George's Coronation

PALO ALTO, March 30.—Charles and Kathleen Norris will leave Friday for New York, from where they will sail for London to attend the coronation of His Majesty, King George VI of Great Britain. Kathleen Norris will have a press seat in Westminster Abbey and will write about the coronation festivities. The Norries will visit in France and Italy before returning to their home in June.

## CHURCH RITES DRAW MANY FOR EASTER

### Perfect Weather Sees Buildings Crowded For Services

The brightest day of the spring saw throngs attending Easter church services in Redwood City yesterday.

Weather perfect for new finery, and attractive programs offered in churches combined to bring the year's largest crowds to services. Some of the local churches were overcrowded, with anterooms being utilized and all available chairs pressed into service.

The rites were marked in many cases by baptismal services and by admissions of members into the various churches.

Although Easter Sunrise Services were foregone this year at Emerald Lake Bowl because of the soggy condition of adjacent parking areas and even the bowl itself, the commemoration of the resurrection of Christ was marked with fervor by anthems, cantatas, and other musical selections in the churches and by special sermons.

Soils are worked to the best advantage when they crumble easily.

## Eight Local Youths Back From Yosemite

Eight Redwood City Hi-Y boys attending the San Mateo County Young Men's Christian Association Hi-Y Easter Week conference in Yosemite have returned home, following a week of recreation and meetings under direction of Lawrence Gould, "Y" secretary. Days were spent in skiing and tobogganing, while in the eve-

nings the boys gathered about a fireplace to discuss high school boys' problems or to hear the story of Christ as told by Dr. George Collier of the College of Pacific. Attending from Redwood City were James Argo, John Sisson, David West, Dan Sisson, Bob Bebb, Frank Romero, Frank Vargas and Julian Roldan. Twenty-two boys and four leaders made up the party, with San Mateo, Burlingame and Sequoia high schools represented.

### Rate Below State Average

Per capita general county taxes for current purposes in San Mateo county averaged \$7.16 for 1936-37, according to a study recently completed by California Taxpayers' Association. In addition to this levy, the association stated, an average of \$1.43 per capita was levied for bonds, \$8.86 for current school purposes, \$2.63 for school bonds, and \$1.31 for county special districts. The total for county, school and special district purposes, the association stated, was \$21.39 per capita.

For the state as a whole, the association found that the average per capita levy for general county purposes for 1936-37 was \$11.74, for county bonds 70 cents, for current school purposes \$8.68, for school bonds \$2.87, and for special district taxes \$1.23, the total average per capita taxes levied, exclusive of cities, being \$25.22.

**24 ABOVE AVERAGE**  
In twenty-four California counties the total average per capita tax levy, exclusive of cities, was higher than the state average of \$25.22, the association found. These counties were Alameda, Alpine, Butte, Colusa, Contra Costa, Del Norte, Glenn, Inyo, Kern, Kings, Los Angeles, Madera, Merced, Modoc, Orange, Plumas, San Luis Obispo, Santa Barbara, Sonoma, Sutter, Trinity, Tuolumne, Ventura and Yolo.

Thirty-three counties showed average levies below the state average. Of these, thirteen El Dorado, Imperial, Lassen, Mono, Monterey, Nevada, Placer, San Benito, Santa Cruz, Siskiyou, Solano, Tulare, and Yuba showed average total levies below \$20 per capita. The lowest were Imperial, \$16.01 per capita, Siskiyou, \$16.14 per capita, and Nevada, \$16.16 per capita.

Sixteen counties showed no levies of general county taxes for bonds, the association found, and five had no levies for special district taxes during 1936-37.

**SCHOOL TAXES HIGHER**  
Total taxes levied by the county, schools, and special districts of San Mateo county were \$1,998,643 in 1936-37, as compared with a low point of \$1,854,843 in 1933-34 it was pointed out in a study of taxes levied by California counties from 1932-33 to 1936-37, recently completed by California Taxpayers' Association. These figures do not include taxes levied by cities, the association stated.

Taxes for general county current purposes during the five year period reached their low of \$669,080 in 1936-37 the association found. School taxes for current purposes

### 'Medieval' Newspaper Put Out at Sequoia

The fall of the French Bastille, the guillotining of the "aristocrats" and other events from Dickens' "Tale of Two Cities" are described in modern newspaper form in a publication just "issued" by the social living class of Miss Yvonne Penez at Sequoia high school.

Like the recent paper based on "Lady of the Lake" and "published" by students of Miss Louise Watkin's social living class, the "Herald of Two Cities" describes events from the book in modern newspaper vernacular, placing them according to their appropriateness on the society, sports, news or classified advertising pages.

### Judges' Salary Hike Now Up to Merriam

### Race Track Man Hit By \$25 Traffic Fine

Martin A. Sietoff, Idaho race track man, headed the list of motorists fined at Justice of the Peace Edward I. McAuliffe's traffic court Saturday. He paid \$25 for erratic driving on the Bayshore highway.

Only two others were cited by highway patrolmen, most of the cases which would ordinarily have

come before Judge McAuliffe on Friday, a holiday, being deferred to next week. These, Emilio Pozzi of Redwood City and Mary Louise O'Donnell, paid \$10 and \$250, respectively.

Two speeders cited by local police, W. F. Stewart and William E. Bardon, paid \$250 each.

Overparking here brought \$1 fines to K. Bonnell, George Tsughagama, P. B. Harlis, L. A. Waller, Guido Grasso, Emmett Britton, Cliff Walk and A. E. Lundstrom.

### Oratory Contest Plans Completed By Toastmasters

Final plans were laid Monday by the local Toastmasters Club for the Sequoia high school oratory contest which will be the feature of the club's meeting next Monday, with four finalists competing. President Earl Whitaker will preside on the program arranged by B. E. Myers. A first prize of \$5 in value and a second of \$2.50 will be awarded.

Speakers on last night's program, given with Louis Dematteis as chairman, were William Morrissey, Duncan Reynard, Earl Whitaker and Milmu Tackitt.

Morrissey discussed "Grammar and Word Usage," while Reynard talked on "The Alien Problem in the United States"; Tackitt, with the topic "Wanderers," told of the nine planets; and Whitaker, treating the philosophical theme that "Nothing Is Permanent," urged his listeners to profit from present opportunities because only they, in this rapidly changing world, can lead the way to the knowledge of the future.

One of the talks winning highest praise from Critic Harvey Hall was that of Reynard, who pointed out that there are 7,500,000 aliens in the United States, with 3,500,000 being on relief. Solution of the problem lies in passage of legislation excluding undesirable aliens, cutting down immigration

### 2 TAILS LUCK! Freak Reptile Found CARRIES SPARE

"If you find a two-tailed one, that means good luck," Mrs. Sarah Guinasso, 1618 Oak avenue, told her daughter, Mrs. Mary Faenzi, after the young woman called her mother's attention to a lizard scuttling along the ground in a grape vineyard back of Woodside.

A few minutes later, by startling coincidence, Mrs. Faenzi, 23-year-old Redwood City woman, came upon just such a creature as her mother had jokingly pictured—a two-tailed lizard! The spare tail projected up in the air, branching off the main tail as if it were a projecting branch sprouting off from a twig. Captured, the frisk little lizard is now the pet of Charles Guinasso, 18, Sequoia high school football and basketball player and brother of Mrs. Faenzi.

quoting, deporting alien criminals, registration of aliens, education, and the imposition of a substantial tax on money orders being sent abroad, Reynard said.

# SPEED COURT BILL PUSHED FOR COUNTY

Central Traffic Judge Would Be Selected Under Measure

Now being prepared by the state legislative counsel for submission to the senate by Harry Parkman of San Mateo is a bill which would enable San Mateo county to establish a central traffic court.

A draft of the bill has been submitted to Dist. Atty. Gilbert Ferrell and returned with suggested corrections to Edward H. Gaylord, assistant to Fred B. Wood, head of the legislative counsel.

That such a central court be set up to handle all traffic cases in the county was recommended by the 1935-36 grand jury and also won favor with the traffic safety committee recently appointed by Ferrell.

Parkman plans to try to rush the bill through the present session of the legislature. It would enable any county having a population of over 70,000 and not having a municipal court, to designate one of its justice courts to handle all traffic cases.

Creation of such a court, the grand jury pointed out, would centralize records of traffic cases and permit checking up on repeaters and habitual offenders.

No new judge would be appointed under the bill, but one of the existing justices would be designated to deal exclusively with traffic cases.

Ferrell suggested the possibility that a charter amendment might be necessary to create a new justiceship to handle other cases in the township which has its justice designated as the traffic court judge.

# Sequoia Evening School Resumes Usual Schedule

The regular schedule of Sequoia Evening High School classes was resumed this week following a week's Easter vacation.

An innovation in the set-up is that both beginners and advanced students of Spanish are to meet twice weekly under Miss Alice Rose. Formerly beginners were given instruction on Mondays and advanced students on Wednesdays, but now each evening's session is divided between the two, each group meeting twice weekly.

The English class just organized is proving popular, according to S. S. Mayo, night school principal, drawing a large attendance. New text books have been secured, and emphasis is being placed currently on business English.

Swimming is the new interest in the women's physical education class, with approximately 50 women attending the class' first meetings before vacation.

The current events class conducted by Dana Barbour has been discontinued, Mayo today reminded the night school students.

Last Year's Records  
 For March Broken  
 In City, County

In spite of a month of rains,  
 building permits in Redwood City  
 and San Mateo county continued  
 during March to break records set  
 in 1936, figures released today re-  
 vealed.

Redwood City tabulations, pre-  
 pared by Building Inspector I. C.  
 Drathman, showed a total of \$95-  
 335 in March, as compared with  
 \$87,355 in March, 1936, and \$52,992  
 last month.

County figures rose to \$224,828,  
 as compared with \$183,250 in  
 March, 1936, and \$200,821 in Feb-  
 ruary this year.

These figures were described by  
 building officials as the highest  
 since 1929.

## Float Entries Asked For Bridge Parades

Application forms for possible float entries from Redwood City in the Golden Gate Bridge Fiesta parades in San Francisco May 27 and 29, were in the hands of Secretary-Manager Roscoe D. Wyatt of the chamber of commerce today, as specifications were sent to him by W. H. Moulthrop, parade director.

Floats will be limited to depicting a bridge, transportation theme or an industrial activity, Moulthrop said, and must have a minimum value of \$500, exclusive of truck trailer used.

In order to be approved by the float committee, all designs must be mailed by May 1. Moulthrop declared, while entry blanks are not acceptable after May 14.

## Pair Placed On Probation

Two men won judicial mercy here Monday from Superior Judge A. R. Cotton.

One, George Areata, 22, was placed on two years probation for contributing to the delinquency of six South San Francisco youngsters by teaching them to steal. The other, Henry Van Hofwegen, now of Salinas, was granted three years' probation on condition that he pay back to Mrs. Annie Danker of Daly City the \$292 he was charged with having misappropriated from her while acting as her trustee.

Areata's "Fagin" offense took place early in March when he was arrested by San Bruno police. They charged that he was supervising the burglary by six boys, the oldest 15, of a San Bruno grocery. They also said they suspected him of being implicated in five or six other northland thefts.

Condition of Areata's probation was that he serve 90 days in the county jail, with credit given for time served since his arrest.

## Berkla, Rush Deny High Court Charges

Two Redwood City men pleaded not guilty to serious charges here Monday and had their superior court cases continued one week for trial dates to be set.

Myles Berkla, 29, former wrestler, pleaded not guilty to reckless and hit-run driving, and Earl Rush, local automobile salesman, entered the same plea to a charge of assault with a deadly weapon, the latter charge growing out of accusations of his divorced wife, Mrs. Amidol Rush, that he struck her with a baseball bat.

## Girl's Escort Jailed To End Wide Search

Sid Salee, 30, Daly City newspaper salesman, was in the county jail today, held under \$2500 cash bail on a morals charge involving a 14-year-old Roosevelt Junior High School girl from San Francisco.

Salee told Probation Officer

Francis Robinson that he believed the girl was 17 when he met her on Mission street and took her to his home, where she lived for several days. Disappearance of the girl brought a nationwide search, which ended when the girl returned home with a story that brought Salee's arrest.

On grounds of fraud—that he told her among other things that he was an American citizen when he really was a Dane—Mrs. Lillian Petersen of Redwood City won an annulment Tuesday morning of her 1931 marriage to J. Arthur Petersen, local printer and defeated candidate for third district supervisor.
